Basement
Above Ground Level

It is your responsibility to notify the Health Department of all water wells on your property or within 100 feet of your property. This includes wells used for any purpose, or any that are no longer used but still exist. You must notify this office of the location of any wells prior to issuance of the permit or your permit may be voided. Permits are not transferable and expire 12 months from date of issue. All surface and/or ground water must be diverted around septic systems. A new soil report is recommended before any septic repair.
