It is your responsibility to notify the Health Department of all water wells on your property or wells within 100 feet of your property. This includes wells used for ANY purpose, or any that are no longer used or have not been properly abandoned. You must notify this office of the location of any wells prior to the issuance of the permit or your permit may be voided. Permits are not transferable and expire 12 months from date of issues. All surface and/or ground water must be diverted around septic systems. A new soil report is recommended before any septic repair.
