District 2, Public Health

On-site Sewage Management System Permit Application Checklist:

- Level 3 Soil Study performed by a State of Georgia certified soil scientist/classifier. A list of local soil scientists is available at our office.
- Plat with the proposed house and driveway placement. An engineered site plan may be required for difficult sites.
- A detailed copy of the floor plan for the house, commercial building, mobile home, etc. All rooms must be clearly labeled. If the basement is to be unfinished, it must be labeled “Unfinished.”
- Payment is due at the time of application. Cash, Visa / Master Card, or Check payable to Forsyth County Health Department / FCHD.
- Proposed location of house must be staked on the lot (four corners).
- Due to scanning software requirements, all floor plans, soil reports and site plans must be submitted on 8-1/2” X 11” paper.
- Please allow appropriate processing time (up to 10 working days) for your application.
